

# STRS PA Uniform shop

## COVID-19 Protocols (from 19/07/21)

### Customers

- In light of current case numbers, we ask that you wear a mask when visiting our shop (unless you were exempt when mask wearing was compulsory)
- On arrival at the shop, please wait at the open shop door to be greeted and then follow the instructions given by our volunteer
- Ensure you remain at a 2-metre interval from anyone else queuing
- Upon entry into the shop, please use the hand sanitiser provided
- When inside the shop, please follow the requests of our volunteer(s) to ensure social distancing rules (2 metres) at all times, following floor markings
- Please use tissues provided or elbow to cough or sneeze into and use bin provided for tissue waste ('catch it, bin it, kill it')
- Re-sanitise hands after coughing or sneezing using sanitiser provided
- Make sure you avoid touching your mouth, eyes and nose
- Upon exiting the shop, please adhere to signage and floor markings to ensure you remain at a safe distance from any else who is queuing for their appointment
- If the student has tried on clothes over their own clothing, ensure the clothes worn are either washed or left hanging away from other clothing for 48 hours
- **If your son wishes to try on any "over the head" uniform items (Games rugby shirts, PE T-shirts or Hoodies) please bring a clean pillowcase with you for this purpose**

### Volunteers

- In light of current case numbers, we ask that you wear a mask when visiting our shop (unless you were exempt when mask wearing was compulsory)
- Arrive on site and go directly to the Uniform shop
- Adhere to the one-way system
- Only enter the main school building when absolutely necessary
- Adhere to all signage and floor markings
- Adhere to social distancing rules (2 metres) at all times
- Phone reception (if you are volunteering on a school day) to let them know when you have arrived on site, and when you are leaving so you are signed in/out
- Always wash hands or sanitise hands before entering, when leaving Uniform shop and after sneezing or coughing
- Please use tissues provided or elbow to cough or sneeze and use bin provided for tissue waste ('catch it, bin it, kill it')
- Make sure you avoid touching your mouth, eyes and nose
- Explain socially distanced method of trying on uniform items to customers before the fitting begins, so they understand how they must adhere to the floor markings
- Only use pen you have brought with you or been provided with, ensuring no stationery objects are shared with anyone else
- Use disinfectant wipes provided to wipe regularly touched objects (i.e. door handles) between each customer and items such as cupboard padlock before you leave the premises to lock up
- Ensure any uniform items which have been tried on are kept separately 'in quarantine' for 48 hours or are disinfectant sprayed if they need to be tried on again within this time period
- Disinfectant spray the changing room(s) if used between customers
- Keep windows and doors open in the Uniform shop to promote ventilation
- Ensure that your clothes are washed on your return home after volunteering or left hanging away from other clothing for 48 hours
